Anne and Elliott:

Please find attached a copy of a letter that the Corps has mailed today to Willard Steele, which has as enclosures, a CD with the cultural resource survey work plan from Progress Energy Florida (PEF) on it, and a copy of the transmittal letter for the plan from PEF to Florida Department of State, Division of Historical Resources, dated May 13, 2011. As the attached Corps's letter states, after you have reviewed the survey plan, the Corps requests that you contact me in regard to possible participation in a teleconference or a meeting to discuss the plan amongst the STOF, NRC, PEF and the Corps. If you have any questions, please email or telephone me.

Don

Subject: Progress Energy Florida/Levy Nuclear Plant
THPO#: 006606

Dear Mr. Steele:

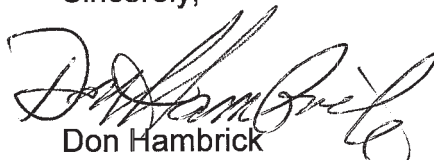

This letter is in reference to a meeting attended by representatives of the Seminole Tribe of Florida (STOF), the U.S. Nuclear Regulatory Commission (NRC), and the U.S. Army Corps of Engineers (Corps) on October 20, 2010 to discuss cultural resource issues relating to the proposed Levy Nuclear Plant (LNP), including transmission line corridors associated with the proposed project.

At the meeting it was discussed that the STOF would like to have an opportunity to review the work plan for the cultural resource surveys for the currently proposed transmission line corridors. At that time Progress Energy Florida's (PEF) contractors had not finished writing the plan. The Corps agreed to provide the plan to STOF when PEF provided the survey plan to the Corps. PEF has provided copies of the survey plan on compact disc (CD) to the Corps under copy of a transmittal letter of the plan to the Florida Department of State, Division of Historical Resources.

Please find enclosed a copy of PEF's transmittal letter and a CD copy of the survey plan, as was provided to the Corps. After your staff has had an opportunity to review the survey plan, the Corps requests that you contact the undersigned in regard to possible participation in a teleconference or a meeting to discuss the plan amongst the STOF, NRC, PEF and the Corps.

Please contact the undersigned by telephone at (850) 763-0717 ext. 25, or by electronic mail at gordon.a.hambrick@usace.army.mil, if you have any questions in regard to this letter or other cultural resource issues relating to the LNP project, and to set up a teleconference or meeting to discuss the survey plan.

Sincerely,

Don Hambrick
Senior Project Manager
